Dear President Webb:

The Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM) is pleased to inform you of its vote on **May 8, 2020** to award **Continuing Accreditation for Seven Years** to the Health Information Management Associate Degree Program at Rose State College in Midwest City, OK. The Program's next Comprehensive Program Review for Continuing Accreditation will be in **2027-2028**.

The comprehensive program review conducted by the Health Information Management Accreditation Council and the CAHIIM Board of Directors recognizes the program's substantial compliance with the nationally established *CAHIIM 2012 Accreditation Standards*.

Progress Report Requirement: The program must submit a Progress Report that satisfies the remaining Standard deficiencies that resulted from the program review process and that requires the institution's attention in order to achieve full compliance with the Standards. CAHIIM requests that a Progress Report be completed by **November 14, 2020** that documents the manner in which these deficiencies have been resolved and includes evidence of implementation.

The program director will continue to submit this information in the CAHIIM Accreditation System. Failure to submit this report by the due date may place the program on Administrative Probationary Accreditation. An unsatisfactory progress report or a Substantive Change in Program Director during the progress report process may result in a Focused Review of the program.

The Commission recognizes you and your colleagues for your commitment to continuous quality improvement in higher education, as demonstrated by your participation in programmatic accreditation.

Sincerely,

Melanie Brodnik, PhD, MS, RHIA, FAHIMA
Chair, CAHIIM Board of Directors
