	Gist the sub-level strategy
	Open Preferences

If you receive the following message:

Click Open Preferences

6) Next, select the General option at the top of the screen

Then click Allow

When you do this you may be asked

to **restart** your computer again.

Once the computer restarts the AnyConnect Secure Mobility Client dropdown textbox should appear to the left

Type "**vpn.rose.edu**" inside the textbox and then open Remote Desktop Connection for Mac "if available"

You can find Microsoft Remote Desktop 10 at:

https://apps.apple.com/us/app/microsoft-remotedesktop-10/id1295203466?mt=12
