GENERAL INFORMATION

STUDENT HANDBOOK

HISTORY, MISSION, & VISION

Mid-Del Junior College, later renamed Oscar Rose Junior College in memory of the well-known Midwest City-Del City Superintendent of Schools, offered its first classes on September 21, 1970. The school again was renamed Rose State College by Senate Bill #9 in April 1983. The new name became effective November 1, 1983.

The College district was formed in 1968 by an overwhelming vote of the citizens in Midwest City, Del City, and some portions of southeast and northeast Oklahoma City. The vote followed the passage of Senate Bill #2 in 1967, a law enabling district-operated community colleges to receive state aid. Voters of the new district then passed a \$1.75 million general obligation bond issue and a two-mill levy for operating expenses in 1969; the following vote in 1970 added a three-mill levy for operations.

MISSION STATEMENT

As a public and open admission institution that grants associate degrees, Rose State College provides higher education programs and services intended to foster lifelong learning for a diverse population.

VISION STATEMENT

Supporting, serving and advancing the common good—sustaining and advancing a tradition of excellence.

CORE VALUES

LEARNING

The College is a learner-centered institution that regards students as partners in the learning process and supports them in meeting their educational goals.

INTEGRITY

The College maintains fair, honest, accurate, and consistent policies and procedures to assure credibility and accountability.

EXCELLENCE

In its commitment to excellence, the College establishes high standards designed to promote and sustain learning in an innovative environment, thereby honoring the trust of its internal and external stakeholders.

DIVERSITY

Acknowledging the value of diverse backgrounds and perspectives, the College is a place of diversity, civility, and collegiality and celebrates the benefits of mutual learning and growth from all.

SERVICE

The College builds lasting relationships with the communities it serves – recognizing the unique opportunity it has to positively impact the lives of both students and the greater citizenry.

FREEDOM OF EXPRESSION

Rose State College affirms its commitment to the free and open exchange of ideas, recognizing freedom of expression as essential to academic freedom, intellectual development, and the mission of the College.

Commitment to Open Inquiry

Rose State College guarantees all members of the College community — including students, faculty, staff, and invited guests — the broadest possible latitude to speak, write, listen, challenge, and learn. The College fully supports the right of individuals to discuss and debate any topic that presents itself, recognizing that the exchange of diverse viewpoints is critical to the educational experience.

Disagreement and Debate

The College acknowledges that ideas expressed within its community will often conflict. However, it is not the role of the institution to shield individuals from ideas that may be unwelcome, disagreeable, or offensive to the individual. While civility and mutual respect are highly valued, these considerations cannot be used to limit or suppress expression.

Limitations on Expression

Freedom of expression at Rose State College is subject to narrow and specific limitations. Expression may be restricted if it:

- Violates federal, state, or local law;
- Constitutes a genuine threat, harassment, or incitement to imminent lawless action;
- Falsely defames an individual;
- Infringes upon significant privacy or confidentiality interests;
- Disrupts or interferes with the normal operations of the College.

In addition, the College may enforce reasonable time, place, and manner restrictions that are content-neutral and designed to ensure safety, security, and the orderly functioning of the college campus.

Right to Respond, Not to Obstruct

Members of the College community are free to criticize and contest views expressed by others, including those of invited speakers. However, they may not obstruct or interfere with another person's ability to speak or be heard. The appropriate response to objectionable or controversial ideas is counter-speech — not censorship.

Institutional Responsibility

Rose State College bears a solemn responsibility to protect the rights of free expression, debate, and inquiry. The College will not restrict speech merely because some — or even many — members of the community find it objectionable, unwise, immoral, or wrong-headed. The College also recognizes its duty to foster the ability of community members to engage in these discussions thoughtfully, respectfully, and responsibly. This principle is central to the College's educational mission and its role as a public institution of higher learning.

CAMPUS POSTING AND INFORMATION DISSEMINATION

To ensure consistent, appropriate, and effective communication across campus, all students, student organizations, and campus departments must adhere to the following guidelines when distributing promotional materials or information to the campus community:

Flyers and Printed Materials

- All flyers, posters, and printed promotional materials must be approved and stamped by the Director of Student Engagement prior to being displayed on campus. Event flyers must be removed within one week after the scheduled event. Any use of official Rose State College logos on any printed materials must be approved in writing by the office of Marketing and Communications by emailing marketing@rose.edu.
- Materials may only be posted in designated, approved posting areas. Posting on windows, doors, walls, or vehicles is strictly prohibited unless otherwise authorized.
- Unstamped or improperly placed materials will be removed.

Social Media

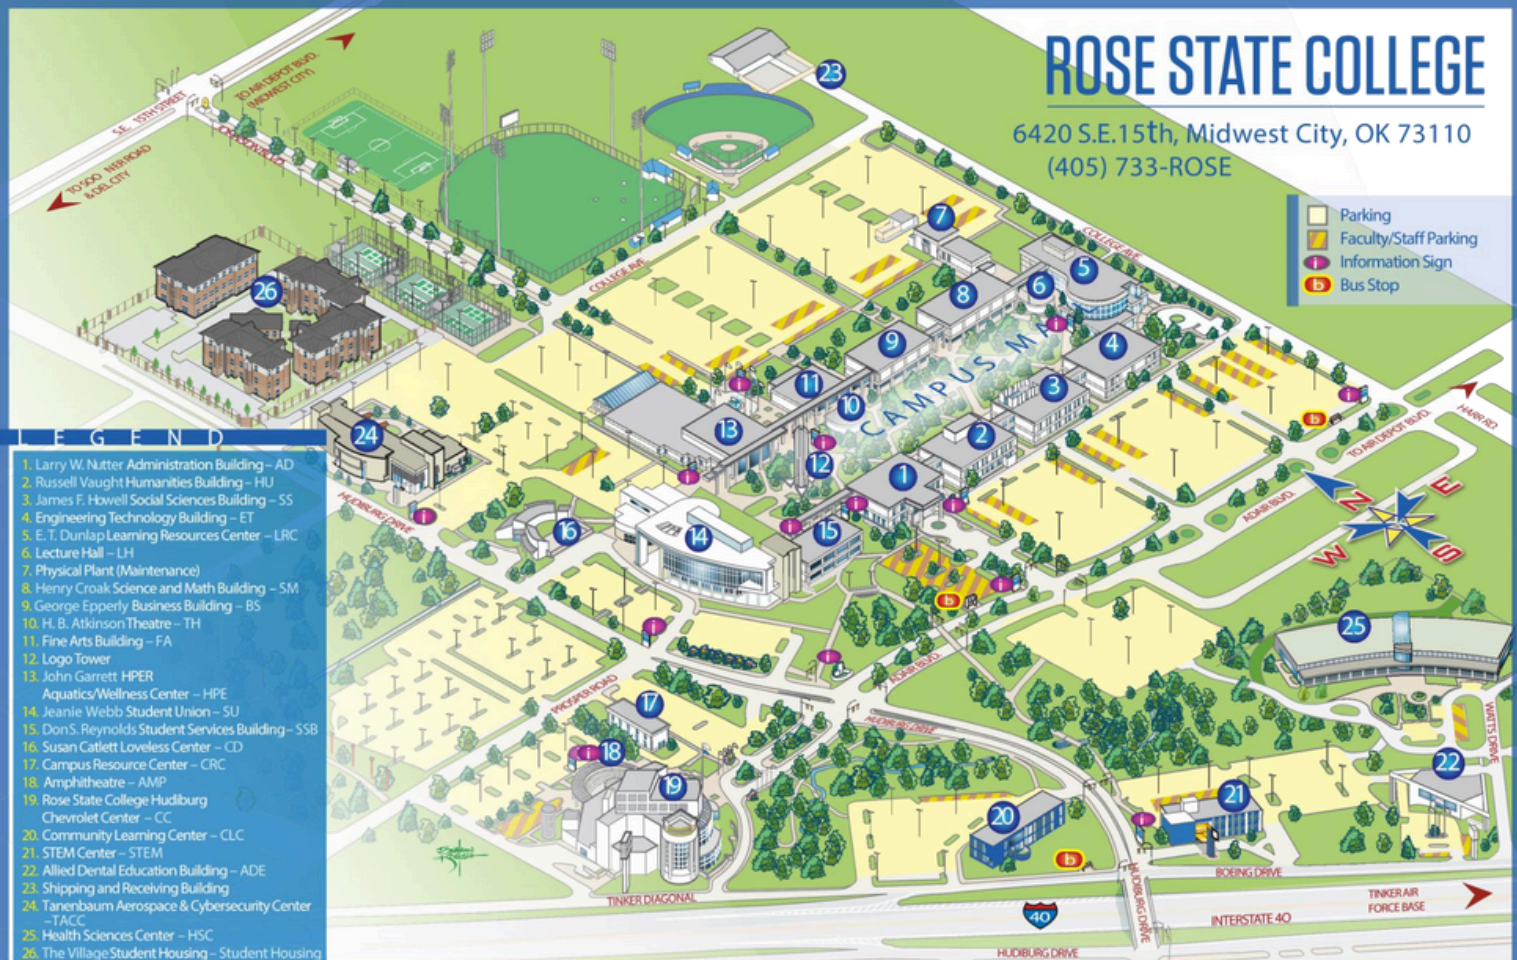

- All social media promotions related to student activities or events should be submitted to the Office of Student Engagement for posting via Official Student Engagement social media channels.
- Submissions must comply with Rose State College brand standards, including appropriate logos, fonts, and tone.

Campus-Wide Email

- Requests for student-wide emails must be approved by the Vice President for Student Affairs.
- Approved emails will be sent through Departmental Rose State email accounts only. Direct access to campus-wide mailing lists is restricted.
- All messages must be clear, relevant, and formatted appropriately for professional communication.

FAILURE TO COMPLY WITH THIS POLICY MAY RESULT IN REMOVAL OF MATERIALS AND/OR RESTRICTION OF FUTURE POSTING PRIVILEGES.

**STUDENT
CONDUCT
CODE**

STUDENT HANDBOOK

PURPOSE & SPECIAL CONSIDERATIONS

Philosophy & Purpose

The purpose of the Student Code of Conduct is viewed to be two-fold:

1. **Guidance:** The guidance and redirection of an offending student toward a productive career as a learner in an academic setting and as a citizen.
2. **Learning and Social Climate:** The elimination from the academic environment of those who have demonstrated flagrant disregard of its values and traditions and whose conduct and presence constitute a disruptive influence upon the learning and social climate. Justice mechanically administered and untampered by kindness, human judgment, and sincere concern is cold and has no place on the College campus. These procedures are directed toward the assurance of a fair judgment for the student through complete case information, the opportunity to be heard, the opportunity for friendly counsel, and such safeguards of rights as may easily be understood by educators, laymen, and students who have mutual confidence in one another.

JURISDICTION

The Student Code shall apply to students who are enrolled in the college. It shall apply to conduct that occurs on Rose State College premises, at Rose State College sponsored activities, and to off-campus conduct that adversely affects the Rose State College community and/or the pursuit of its objectives.

While visitors to the college are clearly not subject to the Code of Conduct, the Code of Conduct shall serve as a guide to visitors to demonstrate the conduct the College believes is appropriate for the campus as well as off-campus events and activities.

AMNESTY PROVISION

It is recognized that individuals who may have been drinking or using drugs and/or participating in other prohibited behavior at the time an act of sexual violence occurs may be hesitant to report the act to proper authorities or college personnel. An individual who experiences sexual violence or a bystander who reports such incidents in good faith will not be subject to referrals under the Rose State College Student Code of Conduct for the use of alcohol or drugs and/or any other prohibited behavior. Clearly reportable offenses will be reported with names of involved parties redacted as outlined in the Annual Security Report.

STANDARD OF PROOF

Preponderance of the evidence is the evidentiary standard in all Student Conduct Code complaint cases. Under the preponderance standard, the burden of proof means that a responsible finding can occur if proven that there is a greater than 50% chance that the claim is true, or that there is 50% plus a feather of a chance that it is more likely than not to have occurred.

PURPOSE & SPECIAL CONSIDERATIONS

Student Responsibilities

In all aspects of student rights, the student body collectively and individually has the responsibility of participating as citizens of the academic community to assist the College in accomplishing its stated purposes. By virtue of enrolling in Rose State College, a student has indicated that they will assume the responsibility for their behavior and acknowledge and share the following responsibilities:

- Students must acknowledge that the only legal authority for the operation of the College belongs to the Board of Regents of the College, who have delegated this authority of the College to the administration.
- Students should acknowledge that the primary purpose for their being involved in the administration of appropriate functions of the College is to gain the education it affords the student and to assist the administration in making better decisions.
- By enrolling in college, students assume the responsibility for complying with the rules and regulations of the College. Further, students must assist the College in reinforcement of such regulations to provide the greatest educational opportunities to all.
- The right to disagree has been previously established. However, the student must make sure the disagreement is in good taste, is factual, and is presented with the proper respect for those with whom they are disagreeing.
- When approaching the administration about any matter, students should go through the established channels of communication. Students must assume responsibility for active participation in student government in order that this organization might continue to be an effective means of communication.
- Students have the responsibility to comply with all regulations established by the Board of Regents of Rose State College and the laws of the state governing student conduct, and such regulations and laws as may now exist or may be subsequently enacted and adopted shall have precedence over the provisions of this document.

CONFIDENTIALITY

Employees of the Human Resources/Affirmative Action Office, the Director of Student Accountability, all Rose State College students, and responsible administrators receiving good faith reports of sexual misconduct, sex discrimination, and/or unlawful harassment shall maintain confidentiality of information received, except where disclosure is required by law or is necessary to facilitate legitimate College processes, including the investigation and resolution of sexual misconduct, sex discrimination, and/or unlawful harassment allegations.

RETALIATION

No reprisals or retaliation shall be allowed to occur as a result of the good faith reporting or charge of misconduct, discrimination, unlawful harassment, and/or any other complaint. Any attempt to penalize or retaliate against a person for filing a complaint or participating in the investigation of a complaint of misconduct, discrimination, and/or unlawful harassment will be treated as a separate and distinct violation of this policy.

CONDUCT CODE VIOLATIONS

- 1 Academic Misconduct:** Cheating, plagiarism, unauthorized collaboration, alteration of academic materials, or other acts of academic dishonesty.
- 2 Alcohol/Drugs:** The consumption or possession of alcoholic beverages and/or illegal drugs on the campus or at any event sponsored by or for a student organization; or exhibiting signs of alcohol and/or illegal drug use or impairment.
- 3 Attempts & Complicity:** Attempting to or encouraging others to commit acts prohibited by this code; or failing to report, stop, or attempt to stop violations from occurring.
- 4 Computer & Network Use:** The College provides computers, software, peripherals, and network services for use by Rose State College students, faculty, and staff to support academic and administrative functions. Prohibited conduct includes, but is not limited to:

Dishonesty refers to, but is not limited to, fabrication, obtaining an unfair advantage, furnishing false information to any college official, faculty member or office, unauthorized access to computerized systems, and tampering with the election of any college-recognized student organization.

CONDUCT CODE VIOLATIONS

6 **Disorderly Conduct:** Disorderly, lewd, indecent actions or breaching the peace on college property or at college-sponsored activities.

7 **Disruption or Obstruction:** Disrupting or obstructing normal college operations or college-sponsored activities. To also include, engaging in behavior that a reasonable person would view as substantial or repeated interference with the instructor's ability to teach the class or the ability of other students to benefit from the instruction.

8 **Failure to Comply:** Failing to comply with the lawful directions of any college employee acting within the scope of their official duties or failing to exhibit appropriate identification to Rose State College officials, faculty, or staff when requested to do so.

12 **Fire Safety:** Starting a fire of any size on the college campus or at college-sponsored events and/or engaging in misuse or unauthorized use of firefighting, fire sprinkling systems, and other safety equipment or warning devices, and failure to evacuate when a fire alarm is activated.

13 **Harassment, Threats, Bullying:** Engaging in subjectively and objectively offensive verbal abuse, threats, intimidation, harassment, coercion, bullying, or other conduct that threatens or endangers the mental or physical health/safety of any person or causes reasonable apprehension of such harm that is persistent, severe, or pervasive.

[GENERAL ACCOUNTABILITY COMPLAINT](#)

THE HEARING PROCESS

Any member of the Rose State College community may file complaints against a student for violations of the Student Code of Conduct. Prior to submitting the online General Accountability Complaint form for alleged violations, employees should discuss the incident with their direct supervisor. Once discussed, the employee should contact the Director of Student Accountability for consultation. This meeting will involve a discussion as to the best course of action for moving forward, either with a formal complaint or by way of informal processes. If a formal complaint is to be used, the employee has no more than 10 business days to submit the Violation Complaint Form.

The Director of Student Accountability will interview the student and the complainant within 10 business days after receipt of the complaint. If the student admits to violating the Code of Conduct, the Director of Student Accountability will determine the appropriate outcomes and notify the student in writing within 10 business days of the decision.

If the student does not admit to violating the Student Code of Conduct, the Director of Student Accountability will further investigate the allegations. If it is determined that the student violated the Student Code of Conduct, the Director of Student Accountability will determine appropriate outcomes and notify the student in writing within 10 business days of the decision.

PROTECTIVE MEASURES: SUMMARY SUSPENSION

If it is determined that a reported incident is an emergency or endangers campus safety, then the Dean of Students or their designee (the Director of Student Accountability) or campus security may issue an immediate provisional suspension. The student provisionally suspended may request an emergency hearing to determine if the provisional suspension was warranted. The request must be in writing on the Student Conduct Provisional Suspension Appeal Form, signed, and dated. If so requested, the Dean of Students will serve as chairperson of the emergency hearing committee. The chairperson shall appoint two other faculty members or administrators not related to the conduct incident to serve on the emergency hearing committee. The emergency hearing committee shall hear the matter within five (5) business days of the student's request for such a hearing. The emergency hearing committee shall decide whether such provisional suspension was proper. The incident shall then follow the regular conduct procedures contained herein as a matter of course.

POTENTIAL OUTCOMES

In the event a responsible finding occurs, one or more of the following outcomes may be imposed as a result of the Student Code of Conduct violation complaint process:

FORMAL WARNING:

A warning to cease the alleged misconduct. Records of reprimands shall be kept in the Office of the Student Accountability but shall not be recorded on any permanent or official record.

CONDUCT PROBATION:

A written warning that further violations of the Student Code of Conduct will result in suspension or expulsion. The length of the probationary status shall be at the discretion of the Director of Student Accountability. If the student is a minor, the parents are also notified.

RESTRICTIONS AND REQUIREMENTS:

Specific restrictions may be imposed limiting a student from certain facilities, programs, or services. Specific requirements may be imposed requiring a student to provide information or to participate in certain educational or clinical programs.

ADMINISTRATIVE WITHDRAWAL:

A student may be withdrawn from one or more courses. Unless otherwise stated, a student who is administratively withdrawn from one or more courses can apply for readmission to the course(s) the following semester.

SUSPENSION:

A student may be barred from the College for a definite period to be determined by the Dean of Students. Readmission to the College can be granted only by action of the Dean of Students.

READMISSION WILL NOT BE CONSIDERED UNTIL THE SUSPENSION HAS ENDED.

Rose State College is committed to providing an environment that protects the security and safety of the campus community. Violence, intimidation, or threats of violence, both specific and implied, will not be tolerated on the campus, and the College reserves the right to take strong and preventive measures to prevent violence before it occurs. TABIT has been established as part of the initiative to promote campus safety.

The Rose State College TABIT seeks to improve the safety and security of the campus through a multidisciplinary approach to identifying, managing, and monitoring persons and situations that may pose a threat to any member or members of the College community. The team is committed to early intervention to prevent violence and provide support and resources to persons referred to the team who may need help and intervention. The team also fosters a culture of reporting threats across the campus and provides meaningful training for faculty and staff at the College.

REPORTING CONCERNS

The college has multiple reporting mechanisms in place on the campus for identifying and reporting threatening behavior and concerns. Members of the Rose State College community should report a threat or concern by filling out the incident report online at the following link:

[TABIT INCIDENT REPORT](#)

TABIT will be automatically notified by email when the threat assessment report is submitted. When there is any doubt as to whether to refer the case to TABIT, always refer the case, and the team will determine what action, if any, is needed.

- Evidence of suicidal thoughts
- Angry outbursts or intense and abnormal reactions to events
- Preoccupation with violent themes, death, or destruction
- Evidence of hopelessness or despair
- Threats or inappropriate emails
- References to harming others or planning a violent event

COMPLAINT PROCEDURES

STUDENT HANDBOOK

COMPLAINT PROCEDURES

Students may express complaints other than those based on discrimination according to the following procedures.

GENERAL EMPLOYEE COMPLAINT

If a student has a complaint regarding an employee of the College, the student should first make a good faith effort to address and resolve the issue with the employee. If this is either unsuccessful or not practical, then the student should take the issue to the employee's immediate supervisor. If this step is either unsuccessful or not practical, then the student should proceed up the chain of command until the Executive Council level is reached, if necessary. If the student should have questions regarding the chain of command for the employee, the student should consult the Associate Vice President for Human Resources/AAO for guidance. If, in the student's opinion, the issue is still not resolved, then the student should seek the guidance of the Associate Vice President for HR/ AAO. Once the Office of Human Resources has heard the complaint and made a decision regarding action, then all administrative remedies have been exhausted regardless of the student's opinion of such decision.

GENERAL STUDENT COMPLAINT

If a student has a complaint regarding another student enrolled at the College, then the student should first make a good faith effort to address and resolve the issue with the student. If this is either unsuccessful or not practical, then the student should seek the guidance of the Dean of Students or designee. If there is an issue of misconduct, then the administrative procedures for Student Conduct contained in this Handbook shall govern. If there is no issue of misconduct, then the Dean of Students or designee shall not have any authority to intervene and all administrative remedies shall have been exhausted.

OTHER INDIVIDUAL COMPLAINTS

If an individual has a complaint regarding another individual who is not an employee or a student enrolled at the College, the individual filing the complaint should follow the process outlined above in the General Employee Complaint section.

CAMPUS SAFETY & SECURITY

Campus Security staff work closely with Midwest City Police officers, other local and state law enforcement agencies, and Rose State College administration to ensure that the College campus provides a safe and secure environment for students, faculty, staff, and visitors.

Rose State College safety and security initiatives include emergency phones in all campus classrooms, real-time high resolution surveillance equipment across campus, and non-key door-locking mechanisms on all classroom doors. These measures provide students, faculty, and staff with improved campus security.

REPORTING CRIMES AND EMERGENCIES

Anyone on the Rose State College campus who witnesses or is the victim of any criminal activity should contact Campus Security at 405.733.7313. In the event of an emergency, or to report a crime in progress, dial 9-1-1. In addition, Rose State College has installed emergency call phones at strategic locations around campus. These phones are located in white kiosks topped with a blue light. When the call button is pressed, the phone automatically dials the 9-1-1 Call Center. When reporting a crime or emergency, speak clearly and be prepared to provide the following information:

- Location – be as specific as possible
- Type of crime being committed
- If an ambulance or other emergency vehicle is needed
- Any description of events or individuals involved in the emergency
- Off-campus incidents should be reported to the Midwest City Police Department by dialing 9-1-1

EMERGENCY PROCEDURES

In the event of an emergency, such as a fire or tornado, warnings will be announced via the College's Emergency Notification System and Raider/RAVE texts alerts. The Emergency Quick Reference Guide procedures posted in each area should be followed. Any potentially dangerous situation should be avoided, if possible, and reported at once to the nearest staff member or to Campus Security at 405.733.7313. Emergency Quick Reference Guides are located throughout the campus to guide the community with emergency situations, such as a fire, tornado, bomb threat, and evacuation.

CAMPUS SAFETY TIPS

TIPS FOR STAYING SAFE ON CAMPUS

Students can take simple steps to assist in protecting themselves from crime. Some useful tips that will assist in preventing crimes include:

- Travel in a group or pairs during evening hours.
- Walk in well-lit areas.
- When attending evening classes, students should attempt to park as close to an entrance as possible.
- Security personnel are available to provide escort services as needed by dialing 405.733.7313. Emergency phones are located throughout the campus as well.
- Do not carry large amounts of cash.
- Do not leave valuables unattended.
- Ensure that vehicles have windows closed and doors locked.
- If you feel you are being followed, immediately call Campus Security at 405.733.7313. Attempt to move to a safe, well-lit location or to a public area or group of people.

CAMPUS SECURITY ACT

In compliance with the federal Crime Awareness and Campus Security Act, Rose State College annually prepares a Campus Security publication that includes crime statistics for the last three years, as well as safety-related policies and procedures. Also known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the law requires all institutions of higher education to give timely warnings of crimes that represent a threat to the safety of students or employees and to make public their campus security policies. It also requires that crime data are collected, reported, and disseminated to the campus community, as well as the Department of Education. To obtain a printed copy of the report, contact 405.736.0213.

EXPOSURE TO BLOOD-BORNE PATHOGENS

This Exposure Control Policy is established for Rose State College in accordance with the guidelines published in the Federal Register (12-6-91) as part of Subpart Z of 29 CFR § 1910.1030. The policy applies to all at-risk faculty, employees, and students who have the potential for occupational exposure to blood-borne or other potentially infectious materials and is designed to minimize or eliminate faculty and student exposure to such materials. It is the intent of Rose State College to establish and enforce policies and procedures to protect faculty, employees, students, and their patients. The procedures include universal precautions, at-risk faculty, employee and student education, exposure management, follow-up, and record-keeping. The procedures will be published as an Exposure Control Plan and will be available for public inspection in any Division Office and the Campus Safety & Security Office.

CAMPUS VISITORS

Visitors are welcomed at Rose State College; however, visitors are not allowed to visit classrooms without prior consent of the administration and the instructor. Undesirable behavior on the part of campus guests that threatens the normal function of the College will result in the guest being asked to leave the campus.

Any person, group, or organization wishing to distribute information on campus, either in written or oral form, shall be required to register with Student Engagement. Student Engagement will review the proposed materials and message contained therein to determine the proper venue, distribution method, and time. The College retains the right to control the time, place, and manner of distributed information and at all times reserves the right to protect the safety of the campus, the peacefulness of the academic environment, and the normal and efficient function of College business. Student Engagement will designate a time and place for the person, group, or organization to distribute its information. The distributors of information should let members of the College community approach them and should refrain from aggressively soliciting College community members to engage in any dialogue or take any unwanted materials.

Any person, group, or organization which violates any of the protocols stated above or otherwise causes a disturbance, produces continued complaints from the Campus, or disrupts the normal function of the College will be asked to leave immediately and may be escorted off Campus by Campus Security or Police.

THE OKLAHOMA SEX OFFENDER REGISTRATION ACT: In accordance with the Oklahoma Sex Offender Registration Act, convicted sex offenders are required (*under 57 O.S. 583*) to register with the Rose State College Campus Security Office within **three days** of becoming a full-time or part-time student, or a full-or part-time employee. The offender must complete and update the Campus Security Sex Offender Registration Form and file it with the Campus Security Office within three days of any change in status. Registering with the Rose State College Campus Security Office does not satisfy the offender's responsibility to register with the law enforcement agency having jurisdiction over the offender's residence. For questions regarding compliance with the Oklahoma Sex Offender Registration Act, please contact the Rose State Security Office at 405.736.0213.

DRUG-FREE CAMPUSES

STUDENT HANDBOOK

PURPOSE & POLICY

As an educational and public service institution, Rose State College (RSC) recognizes its responsibility to promote a productive learning and work environment. The Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendment of 1989 required the establishment of anti-drug programs and prohibited the use of illicit drugs in the workplace of an educational institution that received federal funds. In order to meet its responsibilities, the College has established the following policy:

PHILOSOPHY

Rose State College is committed to social justice and the wellbeing of the total community, as indicated by its educational offerings and open-door policy. The maintenance of a drug-free campus is part of this commitment. The drug-free policy is designed to provide a drug-free environment for students and employees wherein intellectual, physical, and social activities may occur. The long-term wellbeing of students and employees is the objective of the policy.

POLICY

The illegal manufacture, distribution, possession, or use of illicit drugs or alcohol on the Campus or anywhere else as any part of the College's activities is strictly prohibited. The prohibition of use or consumption of alcoholic beverages shall not be construed to apply to functions or activities conducted at the Communications Center or Atkinson Center by independent contractors.

A referral service for drug or alcohol counseling and treatment is available through Student Affairs to students and employees. Treatment and rehabilitation programs will be conducted at the direction and the expense of the student or employee. Sick leave or other appropriate benefits may be available for treatment or rehabilitation services for benefits-eligible RSC employees. Seeking help from or being referred to or from these services is confidential and will not, alone, result in any disciplinary action. Individual privacy will be maintained in any counseling/rehabilitation process. Satisfactory completion of a treatment or rehabilitation program may entitle the student or employee to re-enter a campus program of study or employment.

HEALTH RISKS OF ADDICTIVE SUBSTANCES

Serious health risks are associated with the use of illicit drugs and the abuse of alcohol and include, without limitation, a lowered immune system, damage to critical nerve cells, physical dependency, lung damage, heart problems, liver disease, physical and mental depression, increased infection, irreversible memory loss, personality changes, and thought disorders. With most drugs, it is possible that users will develop psychological and physical dependency. The general categories of drugs and their effects are listed below:

Alcohol: Causes short-term changes in behavior, impairment of judgment and coordination, greater likelihood of aggressive acts, respiratory depression, irreversible physical and mental abnormalities in newborns (fetal alcohol syndrome), and death. Long-term effects of alcohol abuse include damage to the liver, heart, and brain. Alcohol may cause such conditions as ulcers, gastritis, malnutrition, delirium tremors, and cancer. Alcohol combined with other barbiturates/depressants can prove to be a deadly mixture.

Amphetamines/Methamphetamine Stimulants: (Speed, Uppers, Crank, Ecstasy, etc.) Speed up the nervous system, which can cause increased heart and breathing rates, higher blood pressure, decreased appetite, headaches, blurred vision, dizziness, sleepiness, anxiety, hallucinations, paranoia, depression, convulsions, and death due to a stroke or heart failure.

Anabolic Steroids: Seriously affect the liver and the cardiovascular and reproductive systems. They can cause sterility in males and females, as well as impotency in males.

Barbiturates/Depressants/Benzodiazepines: (Downers, Quaaludes, Valium, etc.) Slow down the central nervous system, which can cause decreased heart and breathing rates, lower blood pressure, slow reactions, confusion, distortion of reality, convulsion, respiratory depression, coma, and death. Depressants combined with alcohol can be lethal.

Cannabinoids: (Marijuana, hashish, hash, etc.) Impairs short-term memory, comprehension, coordination, and motivation. May cause paranoia and psychosis. Marijuana smoke contains more cancer-causing agents than tobacco smoke. The way in which marijuana is smoked – deeply inhaled and held in the lungs for a long period – enhances the risk of getting cancer. Combined with alcohol, marijuana can produce a dangerous multiplied effect.

HEALTH RISKS CONTINUED

Cocaine/Crack/Ice: Stimulates the central nervous system and is extremely addictive, both psychologically and physically. Effects include dilated pupils, increased heart rate, elevated blood pressure, insomnia, loss of appetite, hallucinations, paranoia, seizures and death due to cardiac arrest or respiratory failure.

Hallucinogens: (PCP, Angel Dust, LSD, etc.) Interrupt the functions of the part of the brain that controls the intellect and instincts. May result in self-inflicted injuries, impaired coordination, dulled senses, incoherent speech, depression, anxiety, violent behavior, paranoia, hallucinations, increased heart rate and blood pressure, convulsions, coma, and heart and lung failure.

Narcotics: (Heroin, Morphine, Demerol, Percodan, etc.) Initially produce feelings of euphoria often followed by drowsiness, nausea, and vomiting. An overdose may result in convulsions, coma, and death. Tolerance develops rapidly and dependence is likely. Using contaminated syringes to inject such drugs may result in AIDS.

Tobacco/Nicotine: Causes the death of an estimated 170,000 people in the United States each year from smoking-related coronary heart disease. About 30% of the 130,000 cancer deaths each year are linked to smoking. Lung, larynx, esophagus, bladder, pancreas, and kidney cancers strike smokers at increased rates. Emphysema and chronic bronchitis are 10 times more likely among smokers.

Further information concerning health risks may be found in the Student Affairs area. One's personal physician should also be consulted about the health risks associated with alcohol and drug use.

COLLEGE & EXTERNAL OUTCOMES

COLLEGE OUTCOMES

Disciplinary sanctions for violations of the standards of conduct required by this policy will be imposed on students as identified in this Student Handbook. Courts do not excuse individuals convicted of these offenses from a prison sentence to go to college or work. A conviction for such an offense could seriously affect one's record and prevent entry into many careers. RSC requires students to abide by the terms of this policy as a condition of College attendance.

EXTERNAL OUTCOMES

Under federal law, the legal sanctions for the unlawful possession or distribution of illicit drugs and alcohol are severe penalties for distributing, dispensing, or possessing with the intent to distribute or dispense a controlled substance and penalties of a less severe nature for simple possession of a controlled substance. The type and quantity of the drug, whether the convicted person has any prior convictions, and whether death or previous injury resulted from use of the drug in question all affect the sentence. For example, if less than 50 kilograms of marijuana are involved and it is the first offense, the offender is subject to imprisonment of not more than five (5) years, a fine of \$250,000, or both. However, if 50-100 kilograms of marijuana are involved instead of 50, and all other factors are the same as in the preceding example, the offender is subject to imprisonment of not more than 20 years, unless death or serious injury results from the marijuana use. Then the offender is subject to not less than 20 years to life, a fine of \$1 million, or both.

While the penalties for simple possession are less severe, the first conviction still carries a sentence of up to a year of imprisonment, a fine of at least \$1,000 but not more than \$100,000, or both. With regard to simple possession, the number of convictions makes both the minimum period of imprisonment and fines greater. Under special provisions for possession of crack, a person may be sentenced to a mandatory term of at least five (5) years in prison but not more than 20 years, a fine of \$250,000, or both.

EXTERNAL OUTCOMES CONTINUED

State law provides similar penalties with regard to the simple possession, distribution or possession with the intent to distribute a controlled dangerous substance. Simple possession of marijuana is a misdemeanor and carries a punishment of up to one year in county jail. A second or subsequent conviction for simple possession of marijuana carries two to ten years in the state penitentiary. Possession of marijuana with the intent to distribute is a felony and carries a punishment of two years to life in the penitentiary and a fine of up to \$20,000 for the first conviction. A second or subsequent conviction carries a punishment of four years to life in prison and a fine of up to \$40,000.

Note: Regardless of state laws regarding marijuana/medical marijuana, THC is a 'Schedule I' federally-prohibited drug. Possession, use, and distribution (in any amounts) are prohibited on campus and at campus-sponsored events. If RSC students are caught with marijuana in any amount, they will be subject to disciplinary outcomes identified in this Student Handbook.

In addition, state law provides that possession of or possession with the intent to consume beer by persons under 21 years of age in a public place is a misdemeanor punishable by a fine not to exceed \$100 or by appropriate community service not to exceed 20 hours. Possession of other alcoholic/intoxicating beverages by persons under 21 years of age in a public place is a misdemeanor punishable by imprisonment in county jail for not more than 30 days, a fine not to exceed \$100, or both.

There are also state laws concerning driving under the influence of alcohol and using a false driver's license to obtain 3.2 beer or other alcoholic beverages. Depending upon the number of previous convictions, or gravity of the circumstances, conviction of a felony or misdemeanor for such an offense may cause forfeiture of driving privileges. Local laws are similar to those described above. If drugs are involved, the city may defer to the state or federal authorities for more severe penalties. If alcohol is involved, one may be convicted of violating both local and state law and punished according to both laws.

Violations of applicable local, state and federal laws may subject a student or employee to a variety of legal sanctions including, but not limited to: fines, incarceration, imprisonment and/or community service requirements. Convictions become a part of an individual's criminal record and may prohibit certain career and professional opportunities.

The examples of penalties and sanctions given herein are based on the relevant laws at the time of adoption of this policy statement. Such laws are subject to revision or amendment by way of the legislative process.

GRADE APPEALS

The Academic Grade Appeals Committee provides an opportunity for students to challenge a final grade if a solution cannot be reached through proper academic channels. Examples of such appeals may include students' requests to meet with the Committee for a review of a professor's grading policies, communicative abilities, and attendance-reporting procedures. The Committee will not address requests to change a "W" to a Drop nor will the Committee review appeals regarding an "Administrative Withdrawal (AW)." Also, the Committee will not accept or address appeals requesting an "Incomplete (I)" for a course. Your attendance at the Academic Grade Appeal hearing is mandatory. **In a grade appeal, only arbitrariness, prejudice, and/or error will be considered as legitimate grounds for an appeal.**

If you believe that a final grade does not accurately reflect your coursework in a course, you must first contact your course instructor for possible resolution. If that does not resolve the problem, your next step is to meet with the Division dean. If that fails to resolve the issue, you are ready to start the appeal process. Appeals for final grade review must be made within 90 working days after the grade in question appears on the permanent record, or a special extension of time must be granted by the Vice President for Academic Affairs. Information concerning procedures to be followed is available from the Vice President for Academic Affairs (Learning Resources Center, 102).

Only your final grade in a course may be appealed; appeals for individual assignments during an active course are not permitted. A grade appeal should be limited to specific charges of unfair action toward you and may not involve a challenge of your instructor's grading standard. You have the right to expect thoughtful and clearly defined approaches to course grading, but you must recognize that varied standards and individual approaches to grading are valid. A grade appeal considers whether a grade was determined in a fair and appropriate manner; it does not attempt to grade or re-grade your individual assignments or projects.

In your appeal, you will need to substantiate your claim that your final grade represents unfair treatment compared to the standard applied to other students. In the absence of compelling reasons, such as clerical error, prejudice, or capriciousness, the grade assigned by your instructor is to be considered final. **In a grade appeal, only arbitrariness, prejudice, and/or error will be considered as legitimate grounds for an appeal.**

If you still wish to appeal your final grade, you may appeal your instructor's decision by filling out the Academic Grade Appeal form and attending a hearing. Your appeal must be submitted using the official campus appeal form and should include the written correspondence between you and your instructor regarding your initial request for a review of your grade. The form is located in the office of the Vice President for Academic Affairs (LRC, Room 102).

- No grade appeals for individual assignments.
- No grade appeals for courses whose final grade was posted more than 90 days ago.
- No grade appeals for W, AW, or I grades.
- No grade appeals will be considered that are not submitted in writing, either by email or letter.
- No grade appeals will be considered for students whose degrees have been conferred.

GRADE APPEALS

PROCESS/ APPEAL HEARING

- Review your final grade with your instructor.
- Meet with the Dean of the division the course is offered through.
- To begin the grade appeal process, the student must first schedule a meeting with either the Vice President or Associate Vice President for Academic Affairs by contacting the Academic Affairs office at 405.733.7916. If the Grade Appeal moves forward, the student will complete the grade appeal form, which must include signatures from both the course professor and the Dean or Associate Dean of the division offering the course.
- The student submits the appeal form to the Vice President for Academic Affairs.
- The student is given the date and time for their grade appeal hearing.
- At the hearing the attendees consist of the student who initiated the grade appeal (attendance is mandatory), the professor (not required to attend but is invited to attend), Vice President for Academic Affairs, Registrar, one Dean, two faculty members, and one student representative.
- The student presents their case (including any evidence they have).
- The professor presents their case.
- The committee asks any questions they have of the student or professor. The student and professor exit the room for the committee to discuss the issues. After discussions conclude, the student and professor are brought back into the room and the ballots are passed out to the committee, collected, and counted. The majority vote determines the final outcome.
- The results are communicated to the student and the professor. After the results are given, the hearing is concluded.
- Following the hearing, the Vice President for Academic Affairs notifies the Office of Admissions and Records with any recommendations to change a student's grade.

*The decision of the Vice President for Academic Affairs
is considered final.*
